Mathsticks resources aim to make maths meaningful and have been trialled, adapted, tested and retested with children in the classroom. They are based on the need for children to be fully involved

in their learning; to have fun, and to enjoy and achieve while developing their mathematical skills. The resources are the result of practical experience, research and the firm belief that effective mathematical learning is best achieved through:

- The use and application of mathematics.

Additional Mathematics J Ss Sticks mathematics j ss sticks as you such as. By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. Colouring for Symmetry There are lots of effective ways to help children understand reflective symmetry. We can: find symmetry in nature, create symmetrical patterns with blocks, counters, lego bricks... etc., make symmetrical pictures with folded paper and paint-covered-string, place a mirror on random pictures (or objects) and see the symmetrical patterns appear, look for symmetry in common ...

WARNING: Long epic post with lotsa pics In the beginning, there was darkness. The deadly Last-Minute Buddha Foot Hugging Syndrome plagued the land. Saddened by the dismal state of affairs, a sexy shy maths tutor whispered, "Let there be a blog", and a great blog was born. To counter the terrifying disease, she called the blog Jøss Sticks, and she saw that it was good.
