Business Model Generation - preview / embed by Alexander ...

Entrepreneur and business model innovator Alexander Osterwalder discusses dynamic, yet simple-to-use tools for visualizing, challenging and re-inventing business models. Osterwalder articulates how to use the visual language of his business model canvas framework, and shares stories of how this approach helps organizations of all sizes to ...

A business model is a structure, design or framework that a business follows to bring value to its customers and clients. However, there are at least three measures of the success of a business model—its ability to generate profit for its owners, its ability to generate positive change in the world, and its ability to achieve a balance of profit and positive change.
