How to Make Love Like a Porn Star, the mega-bestselling memoir, triumphant survival story, and cautionary tale that spent over six weeks on the New York Times bestseller list and rocketed adult film icon Jenna Jameson into the mainstream spotlight, is now in paperback and ebook for the very first time. Her unforgettable memoir, written with master storyteller Neil Strauss, is many things at once: a shocking sexual history; an insider's guide to the secret workings of the billion-dollar adult-film industry; and a gripping thriller that probes deep into Jameson's dark past. With never-before-seen photographs from Jenna's private collection, exclusive photos taken for this book, and original cartoon strips, this memoir is an unparalleled exploration of sexual freedom. In the underbelly of Las Vegas, a cesspool of warring biker gangs and seedy strip clubs, gawky, brace-faced Jenna Massoli was transformed into the bombshell Jenna Jameson. Today, Jenna is the biggest star in the history of adult movies, consistently ranked as one of the most beautiful women alive. But behind the glamour and the meteoric rise to fame was a path paved with tragedy and heartbreak. As a teenager—drawn into a dark and chaotic world where rape, abuse, and murder were commonplace—Jenna began her rapid downward spiral of addiction and degradation . . . while at the same time becoming the porn world's biggest crossover success story.

This book presents a historical overview of the Indonesian film industry, the relationship between censorship and representation, and the rise of Islamic popular culture. It considers scholarship on gender in Indonesian cinema through the lens of power relations. With key themes such as nationalism, women's rights, polygamy, and terrorism which have preoccupied local filmmakers for decades, Indonesia cinema resonates with the socio-political changes and upheavals in Indonesia's modern history and projects images of the nation through the debates on gender and Islam. The text also sheds light on broader debates and questions about contemporary Islam and gender construction in contemporary Indonesia. Offering cutting edge accounts of the production of Islamic cinema, this new book considers gendered dimensions of Islamic media creation which further enrich the representations of the 'religious' and the 'Islamic' in the everyday lives of Muslims in South East Asia.

Recounts the physical and spiritual self-discovery of the author as she tests her limits, reclaims her body, and takes control of her life along the way.

'Simply Brilliant' THE SECRET BARRISTER 'Passionate and brilliantly argued' DAVID OLUSOGA 'An admirably personal guide' MARINA HYDE 'Smart, analytical, self-aware and important' ALASTAIR CAMPBELL THE INTIMATE, REVEALING NEW BOOK FROM THE AUTHOR OF THE BESTSELLING, PRIZE-WINNING HOW TO BE RIGHT There's no point having a mind if you're not willing to change it James O'Brien has built well over a million loyal listeners to his ra-

dio show by dissecting the opinions of callers live on air, every day. But winning the argument doesn't necessarily mean you're right. In this deeply personal book, James turns the mirror on himself to reveal what he has changed his mind about and why, and explores how examining and changing our own views is our new civic duty in a world of outrage, disagreement and echo chambers. He writes candidly about the stiff upper lip attitudes and toxic masculinity that coloured his childhood, and the therapy and personal growth that have led him question his assumptions and explore new perspectives. Laying open his personal views on everything from racial prejudice to emotional vulnerability, from fat-shaming to tattoos, he then delves into the real reasons -- often irrational or unconscious -- he holds them. Unflinchingly honest, revealing and funny, *How Not to Be Wrong* is a tonic for a world more divided than ever and a personal manifesto for a better way of thinking and living. Because after all, if we can't change our own minds we'll never really be able to change anyone else's.

In the *Sex and Race* series, first published in the 1940s, historian Joel Augustus Rogers questioned the concept of race, the origins of racial differentiation, and the root of the "color problem." Rogers surmised that a large percentage of ethnic differences are the result of sociological factors and in these volumes he gathered what he called "the bran of history"—the uncollected, unexamined history of black people—in the hope that these neglected parts of history would become part of the mainstream body of Western history. Drawing on a vast amount of research, Rogers was attempting to point out the absurdity of racial divisions. Indeed his belief in one race—humanity—precluded the idea of several different ethnic races. The series marshals the data he had collected as evidence to prove his underlying humanistic thesis: that people were one large family without racial boundaries. Self-trained and self-published, Rogers and his work were immensely popular and influential during his day, even cited by Malcolm X. The books are presented here in their original editions.

In a world flooded with distresses like divorce, father absence, rampant sexual abuse, anxiety, and depression, there seems to be an epidemic of escapism through drugs, alcohol, consumerism, sex, violence, and suicide. What if Our differences aren't meant to alienate us But they are meant to bring us closer together What if We discover we're really not that different But we all have the same universal needs Love, Acceptance, Approval, Communication, and Touch I Believe We can have by cultivation; a deeper spiritual, sexual, and emotional intimacy in marriage that evolves over the course of a lifetime. I Believe Life-long marital satisfaction requires that two committed people have purposed in their hearts to have a great marriage, and never give up on the grace of God to see it through.

China today is sexually (and in many other ways) a very repressive so ciety, yet ancient China was very different. Some of the earliest surviving literature of China is devoted to discussions of sexual topics, and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far dis tant from their Chinese origins. In recent years, a number of books have been written exploring the history of sexual practices and ideas in China, but most have ended the discussion with ancient China and have not continued up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs, then carries the story to present-day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism, and prostitution, and ends with a chapter on changing attitudes toward sex in China today. Dr. Ruan is well qualified to give such an overview. Until he left China in the 1980s, he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China, and had written to and corresponded with a number of people in China who considered him as confidant and ad visor about their sex problems. A physician and medical historian, Dr. Ruan's doctoral dissertation was a study of the history of sex in China.

Another great novel from Baumbach, it is filled with longings and lingerings, sex and deprivation, humor and heartache.

NEW YORK TIMES BESTSELLER • A moving memoir about the legendary author's relationship with her own mother. Emma Watson's *Our Shared Shelf* Book Club Pick! The story of Maya Angelou's extraordinary life has been chronicled in her multiple best-selling autobiographies. But now, at last, the legendary author shares the deepest personal story of her life: her relationship with her mother. For the first time, Angelou reveals the triumphs and struggles of being the daughter of Vivian Baxter, an indomitable spirit whose petite size belied her larger-than-life presence—a presence absent during much of Angelou's early life. When her marriage began to crumble, Vivian famously sent three-year-old

Maya and her older brother away from their California home to live with their grandmother in Stamps, Arkansas. The subsequent feelings of abandonment stayed with Angelou for years, but their reunion, a decade later, began a story that has never before been told. In *Mom & Me & Mom*, Angelou dramatizes her years reconciling with the mother she preferred to simply call "Lady," revealing the profound moments that shifted the balance of love and respect between them. Delving into one of her life's most rich, rewarding, and fraught relationships, *Mom & Me & Mom* explores the healing and love that evolved between the two women over the course of their lives, the love that fostered Maya Angelou's rise from immeasurable depths to reach impossible heights. Praise for *Mom & Me & Mom* "Mom & Me & Mom is delivered with Angelou's trademark good humor and fierce optimism. If any resentments linger between these lines, if lives are partially revealed without all the bitter details exposed, well, that is part of Angelou's forgiving design. As an account of reconciliation, this little book is just revealing enough, and pretty irresistible."—The Washington Post "Moving . . . a remarkable portrait of two courageous souls."—People "[The] latest, and most potent, of her serial autobiographies . . . [a] tough-minded, tenderhearted addition to Angelou's spectacular canon."—Elle "Mesmerizing . . . Angelou has a way with words that can still dazzle us, and with her mother as a subject, Angelou has a near-perfect muse and mystery woman."—Essence

A spirited, deeply researched exploration of why capitalism is bad for women and how, when done right, socialism leads to economic independence, better labor conditions, better work-life balance and, yes, even better sex. In a witty, irreverent op-ed piece that went viral, Kristen Ghodsee argued that women had better sex under socialism. The response was tremendous -- clearly she articulated something many women had sensed for years: the problem is with capitalism, not with us. Ghodsee, an acclaimed ethnographer and professor of Russian and East European Studies, spent years researching what happened to women in countries that transitioned from state socialism to capitalism. She argues here that unregulated capitalism disproportionately harms women, and that we should learn from the past. By rejecting the bad and salvaging the good, we can adapt some socialist ideas to the 21st century and improve our lives. She tackles all aspects of a woman's life - work, parenting, sex and relationships, citizenship, and leadership. In a chapter called "Women: Like Men, But Cheaper," she talks about women in the workplace, discussing everything from the wage gap to harassment and discrimination. In "What To Expect When You're Expecting Exploitation," she addresses motherhood and how "having it all" is impossible under capitalism. Women are standing up for themselves like never before, from the increase in the number of women running for office to the women's march to the long-overdue public outcry against sexual harassment. Interest in socialism is also on the rise - whether it's the popularity of Bernie Sanders or the skyrocketing membership numbers of the Democratic Socialists of America. It's become increasingly clear to women that capitalism isn't working for us, and Ghodsee is the informed, lively guide who can show us the way forward.

The poet Taufiq Ismail has written: "A renewal has taken place in Indonesian literature over the past decade. Supernova is an intelligent, unique and truly exciting exploration of science, spirituality and the nature of love." The literary critic Jacob Soemardjo suggests: "This is an attractive novel by a young writer. It is an intellectual work in the form of a work of pop art, set in the real world. It opposes old values with new ways of understanding, so that readers can see the world in a different way."
