A18 - SOLIS KOLE

Skype for Business is typically installed with Microsoft 365. If you have Microsoft 365 but don't already have Skype for Business and need to install it, see: Install Skype for Business on Windows Install Skype for Business on a mobile device

Latency after assigning licenses: Because of the latency between Microsoft 365 or Office 365 and Skype for Business Online, it can possibly take up to 24 hours for a user to be assigned a Calling Plan after you assign a license. If after 24 hours the user isn't assigned a Calling Plan, please Contact support for business products - Admin Help.

Licensing Microsoft Skype for Business Server 2019

Based on my knowledge, Office 365 for business E1, E3, E5 and F1 all include the Skype for business online plan. How-

ever, compared with E3 and E5 plan, Office 365 for business Enterprise F1 plan doesn't include Office applications. This plan is only for online services. Skype for business full client is not available for F1 plan.

Skype for Business Client: allows users to download the local client onto PCs for leveraging the toolset. This comes with Office Pro Plus and other versions provided through Office 365 plans; Office 365 Skype for Business Licensing. Now we'll look at the various plans available on a monthly subscription version through Office 365. Keep in mind, not all of these plans apply to both the On-premises and Online only solutions, which we'll get into later:

Skype for Business licensing is designed to give you the maximum amount of flexibility. For example, after using basic Skype for Business features for a while, you can buy add-on licenses when you're ready to use more features, such as Au-

dio Conferencing, or the Phone System in Office 365. How does add-on licensing affect cost?
