Oracle Business Intelligence Enterprise Edition 12.2.1.4.0

Oracle Business Intelligence Enterprise Edition

Creating Analyses and Dashboards in OBI EE 12c, In this tutorial, you learn how to build, format, and customize Oracle Business Intelligence (BI) analyses, and how to create and update dashboards in Oracle BI EE 12c (12.2.1.0.0). , BI, OBIEE ,

Oracle Business Intelligence Enterprise Edition (OBIEE) is a Business Intelligence (BI) tool by Oracle Corporation. Its proven architecture and common infrastructure producing and delivering enterprise reports, scorecards, dashboards, ad-hoc analysis, and OLAP analysis provides a rich end-user experience.

We have converted over to OBIEE from Business Objects and I personally converted about 700+ reports. I can say that overall, OBIEE is better for us than BO, especially dashboards. If you know BO, it shouldn't take much to learn OBI. Very easy to adapt to in my opinion.
