Part 1 : Story of Prevention 3 The Prevention Parable There is an often quoted parable that tells of a man and woman fishing downstream. Suddenly a person comes down the river struggling for life. The fisherfolk pull her out. Then another comes and again must be rescued. This happens all afternoon and the fisherfolk are getting very tired

The story it relates has been read as a commentary on human nature, namely that people will always revert to their base instincts. It has been frequently referenced in popular culture, including in films, television shows, and books. Interpretations as to its meaning have differed since its emergence in the 20th century.

Story — Green Days By The River
