The Wolf, The Duck & The Mouse August 17, 2018 Danna Smith "This story is about a mouse, and how he got swallowed up by a wolf, and who he met down in its belly, and what happened after that."

The Wolf, the Duck, and the Mouse is Klassen's fourth collaboration with U.S. writer Mac Barnett, who has chosen a fairly uncommon setting for his story - an animal's stomach. The story opens

with a wolf eating a mouse. Readers don't see the actual consumption, although that is the book's only instance of off-camera action.

### **The Wolf, the Duck and the Mouse: Amazon.co.uk: Mac ... The Wolf, the Duck, and the Mouse Book Trailer**

The Wolf the Duck and the Mouse is a wonderful book, from an educator, a parent and a child's perspective, even if it's very different from the majority of brightly coloured children's books this is dark and a bit twisted but then so is life and this is a 'life gives you lemons' tale to build resilience and grit in the face of adversity coupled with an folkish tale of 'how the wolf got its howl' crossed with very dark humour along the lines of the illustrator Klassen's hat trilogy.

Most creatures would find being swallowed by a wolf to be a bad thing, but the duck and mouse decide that it's not so bad. Somehow the two avoid being eaten and turn the wolf's belly into quite a comfortable home. When a hunter threatens their home, the duck and the mouse find they may have to stand up for what

they have claimed as their own.

Swallowed by a wolf, a mouse and duck defend their cozy belly from a hunter. When the mouse is swallowed, its lament wakes duck, abed “in the belly of the beast.” Over breakfast, the mouse asks, “Where did you get jam?...And a tablecloth?” The response: “You’d be surprised what you find inside of a wolf.”

The Wolf, the Duck and the Mouse is currently being performed at the Unicorn Theatre in Southwark by New Perspectives, an East Midlands based touring theatre company. It is aimed at 3 to 7 year olds and lasts just under one hour. The play has been adapted by Jack McNamara from the book of the same name by Mac Barnett and Jon Klassen.

**The Wolf, the Duck, and the Mouse Book Review**

Mouse meets Duck in the wolf’s belly and quickly discovers it is a home of sorts. Says Duck, “I live well! I may have been swallowed, but I have no intention of being eaten.” So the two create a kind of ruckus that make’s the wolf’s tummy ache and manage to get all the food and items they need to live high on the hog.

**The Wolf, the Duck, and the Mouse by Mac Barnett**

The Wolf, the Duck & the Mouse is, like all Barnett-Klassen collaborations, distinctly funny, imagination-stirring and lovely to look

at. —Shelf Awareness for Readers (starred review) It’s a story packed with funny details—from the knives and candles of the duck’s wolf-belly home to the makeshift warrior gear the duck and mouse wear when charging the hunter.

The wolf swallows a mouse, who, in turn, meets a duck in the wolf’s stomach. The duck shows the mouse what a fun and better place is the inside of a wolf. When the wolf is threatened by a hunter, the mouse and duck defend their home. When the threat has passed, the wolf grants the duck and the mouse whatever favor they want.

The Wolf, the Duck, and the Mouse Written by Mac Barnett | Illustrated by Jon Klassen Early one morning a mouse came face to face with a wolf, “and he was quickly gobbled up.”

**The Wolf, the Duck and the Mouse | Children's Books Heal**

The sly duck encourages the wolf to eat a few luxuries to ease his upset stomach (“a hunk of good cheese,” “a flagon of wine”). Later, when the wolf narrowly misses a hunter’s bullet, the duck and the mouse decide they must suit up to defend their home; they charge out of the wolf ’s mouth wearing household-item armor to scare away the hunter.

The Wolf, the Duck and the Mouse, is a very unusual book in which two of the characters are eaten by the third, but rather than be sad about it or die, they enjoy living inside the wolf. The illustrations by Jon Klassen suit the story perfectly with his unusual style of drawing, almost like rough sketching, or a first draft.
